

A photograph of a custom-built electronic device, likely a power supply or amplifier, consisting of a metal chassis with two antennas and a power transformer. The device is placed on a light blue surface. The metal chassis is rectangular and has two black antennas protruding from the top. A power transformer with a black casing and a power cord is connected to the side of the chassis. The chassis has a small white label with the number '1' on the front. The transformer has a power cord plugged into its bottom.
